

SKYVIEW™

A NEW DESIGN IN PASSENGER TERMINAL CANOPIES

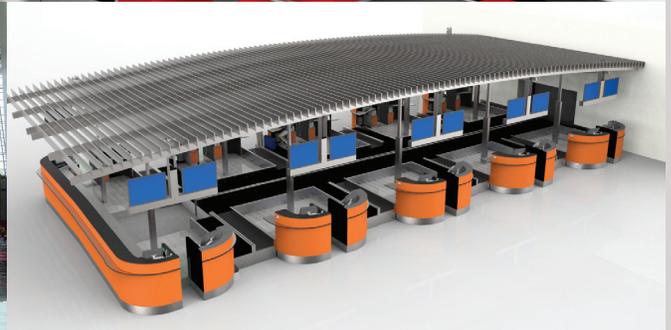

Evans | NKI's SKYVIEW™ is a family of canopy systems offering a stylish, elegant addition to any passenger terminal. SKYVIEW™ enhances the appearance of the terminal and provides a visual indicator of the Check-In area within the terminal. The overlap of design elements between EAS counters, EAS | NKI C-SEAT™ program and SKYVIEW™ creates a unified corporate image for airports and enforces the airlines identity.

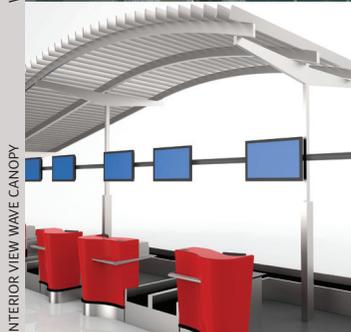

WAVE-SHAPED CANOPY ABOVE WAVE CHECK-IN

WING-SHAPED CANOPY - GUANGZHOU - CHINA

ARC-SHAPED CANOPY ABOVE INVITE™ CHECK-IN ISLAND

INTERIOR VIEW WAVE CANOPY
