

RAPISCAN MOBILECHECK™ ES

Quickly deploy a mobile checkpoint for baggage and people screening.

Integrated Checkpoint Security

Relocatable 20ft. Container

Ideal for Outdoor Event Security

Rapid Setup and Dismantle

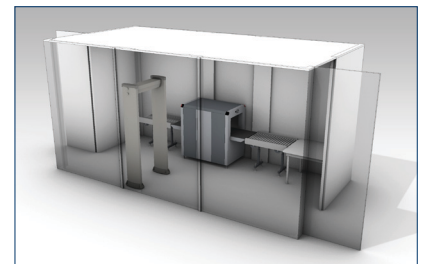

The Rapiscan MobileCheck™ ES provides a mobile, relocatable checkpoint security solution for events, critical buildings and temporary or semi-permanent entryways. This standard, 20 ft. container integrates the Rapiscan 620XR X-ray baggage screening system with the Metor 300 walk-through metal detector to screen people and baggage for threats and contraband.

Each MobileCheck™ ES is Designed for Thorough Screening

MobileCheck ES001: contains One (1) 620XR X-ray baggage screener, One (1) Metor 300 walk-through metal detector and One (1) Metor 28 hand-held metal detector.

MobileCheck ES002: contains Two (2) 620XR, Two (2) Metor 300 walk-through metal detectors and Two (2) Metor 28 hand-held metal detectors.

Also available is an optional Desktop Explosive Trace Detection (ETD) for alarm resolution.

System Components

Rapiscan 620XR

Accepted for use by global Aviation authorities, the Rapiscan 620XR with a 620 mm (24.4 inches) wide by 420 mm (16.5 inches) high tunnel opening and bi-directional operation provides outstanding image quality and threat detection. Rapiscan 620XR's OS600 software provides an intuitive GUI with advanced networking capabilities, Target™, Threat Image Projection (TIP), Operator Training Program (OTP) and Density Threshold Alert (DTA).

Metor 300

Utilizing intelligent 8Z8F architecture, the Metor 300 offers top-class performance in metal detection and detection of metal threat objects regardless of their shape and orientation. By combining the unique true multi-zone features with frequency distribution the Metor 300 can detect even the smallest potential threat. The Metor 300 eliminates electromagnetic interference present at installation environments today giving you comprehensive checkpoint security.

RAPISCAN MOBILECHECK™ ES

Container System Components

Screening Equipment

ES001: One (1) 620XR, One (1) Metor 300, One (1) Metor 28

ES002: Two (2) 620XR, Two (2) Metor 300, Two (2) Metor 28

Additional Accessories

Two (2) 1m roller beds per 620XR on entry and exit
 One (1) Fire Extinguisher
 One (1) Smoke Detector
 One (1) Search table for each 620XR

Optional:

Desktop Explosive Trace Detection System (ETD)
